

ACUNEX[®]

VARIO

One-piece posterior chamber lens for extended depth of focus and high contrast sensitivity with aspherical surface and blue light filter

Product	ACUNEX [®] VARIO AN6V	aspheric
Type	Foldable one-piece EDOF-IOL for capsular bag fixation	EDOF
Body Diameter	6.0 mm	blue light filter
Overall Diameter	12.5 mm	glistening-free
Haptic Angulation	0°	
Optic Design	Biconvex Sector-shaped near vision segment - anterior: +1.5D Aspherical surface - posterior Spherical aberration neutral	
IOL Design	C-Loop haptic	
Material	Hydrophobic glistening-free acrylate UV absorbing and additional blue light filter	
Available Diopters	SE +10.0D to +30.0D (0.5D)	
Refractive Index	1.54 @ 35°	
A-Constant (nominal)	119.1	
Sterilisation	Gamma irradiation	
Storage	Supplied in 0.9 % saline solution	
Recommended Injector-Sets	Check compatibility of IOL with injector matrix provided at www.acunex-eifu.com	

Revision: QF2065v4
